suitebriar

TRAINING

Workspace Admin Bundle (plus)

Why this bundle?

- Detailed walkthroughs of the Admin Console that will benefit not only first time Administrators but also benefit seasoned admins that are in need of a refresh on the latest updates and new features in the Admin Console

- Training covers numerous topics including user management, core application settings, mobile device management, recommended security settings, reporting & analytics, Data Loss Prevention (DLP), encryption, and much more

- Specialized instruction on how to correctly use GAM highlights all of the different situations it can aid in speeding up bulk operations, eliminate data entry errors and improve the overall Admin experience & especially efficiency

- Specifically for organizations operating on the Enterprise Tier of Workspace. This bundle emphasizes the additional Security, Device Management, and Reporting features, how to use them to your advantage to improve your Workspace experience while also strengthening your security posture

Why use Suitebriar?

Opting for professionally led training through Suitebriar, whether it is your first time receiving formal training or serving as a refresher, can drastically improve adoption deterrents holding your organization from maximizing their return using Workspace. Whether you are new to the platform or have been on it for years our discovery process is fine tuned to uncover areas for improvement and assist you in formulating the right next steps.

According to Prosci, the three biggest factors that can be preventing your team from getting the most out of their Google Workspace experience is speed of adoption, utilization, and proficiency. Through our expert

understanding of the reporting capabilities of the Admin console we are able to pinpoint these deficiencies and customize your training curriculum accordingly.

We at Suitebrair exist to deliver exceptional consulting engagements and innovative technology solutions that empower our clients to achieve their most ambitious and complex business challenges, transforming their work and positively impacting the customers they serve and the world beyond.
